TO: VCAAA Advisory Council Members
FROM: Tony Gitt, Committee Chair
DATE: March 8th, 2023
SUBJECT: **Transportation Committee Report from March 8th, 2023**

Transportation Committee Members Present:

Tony Gitt (CSL)
Peter Schreiner (Focused Population)
Clark Owens (Oxnard COA)

VCAAA Staff Members Present:

Roger Horne (Public Information Officer)
Monique Nowlin (Deputy Director)
Maricela Pardo (Transportation & Elder Help Coordinator)
Benjamin Rhodes (Direct Program Operations Manager)
Rene Verduzco (Management Assistant)

1. **Welcome and Introductions** – Meeting was called to order at 11:16 AM. The committee reached a quorum with all members present.
2. **Public Comments** – None.
3. **ElderHelp Update** – Maricela Pardo gave a brief update on transportation programs for the month of February. In the month of February, there were a total of 88 Medi-Rides provided. Staff is working to transition clients with a higher need from a 1 time ride credit to a monthly pass. As an agency, it is more cost effective to put clients on a monthly pass if they use Medi-Rides often enough. Marisela reports 1 instance where a client had issues with the card reader and was forced to pay out of pocket. A new card was issued, and the problem was resolved. The reloadable bus passes are an overall success.
4. **Transportation Usage** – The committee had questions about the process of obtaining and utilizing the reloadable bus pass and possible fraud. Benjamin Rhodes explained the process of obtaining a reloadable bus pass requires a client to visit the VCAAA office in person for initial set up. Once a card is obtained, the client can receive credits for rides or be set up with a monthly pass if the costs exceed \$25.00 in a month. As far as fraud, the risk is relatively low. The card itself holds no monetary value and if a replacement is requested, the previous balance will remain on the new card. Technically, the cards are shareable since there is no client picture on the card nor operator check to ensure the client is using a card that belongs to them. All cards are trackable and staff can conduct audits to verify if cards are being put to proper use, however; VCAAA does not have the staff time to monitor the card use.

5. **Discuss Presenting a Transportation Report to the Advisory Council** – Tony Gitt would like for the Transportation Committee to prepare a report to present at the May 10, 2023 Advisory Council meeting. The report will include the following:
 - Cost comparison for paper tickets vs reloadable bus passes
 - 2022 budget compared to 2023
 - Federal funding for the next 2 years
 - July 2022 – March 2023 ride data

6. **Adjournment** – Meeting was adjourned at 12:22 PM. The next Transportation Committee meeting will be held on May 10, 2023, immediately after Advisory Council Meeting.

Recommendation to Approve the Renewal of Senior Nutrition Program Sub-Recipient & Vendor Contracts for FY 2023-2024 & to Increase Meal Reimbursement Rates for those Contracts

Renewal Grants – VCAAA Staff Recommendations

The VCAAA Staff is recommending the following for the Senior Nutrition Program:

1. VCAAA staff recommends that the twelve (12) meal sites that submitted renewal proposals be awarded contracts for SNP Meal Service in the amounts listed in the above SNP funding chart, for an estimated total of \$1,892,844.
2. Staff recommend that Senior Nutrition Meal program reimbursements increase by 7% to recognize the inflationary pressures encountered in meal-site operating costs.

(1) Recommendation to Approve the Renewal of Sub-Recipient Contract Funding.

VCAAA staff reviewed each of the 12 individual sub-recipient contract renewal applications. All Title III-C sub-recipients are in the final contract year of a four-year funding cycle, except for Conejo Valley Senior Concerns, whose sub-recipient contract started on March 31, 2023. All are being recommended by VCAAA staff for renewal based on the applications received, as well as compliance with the terms and conditions of their FY 2022-2023 contracts. Note, we have not received an application from Santa Paula yet, but we anticipate that they will send their application shortly.

The table below provides a summary of the renewal recommendation. The worksheets that follow provide additional detail of each renewal application. Advisory Council Policy and Procedure III-G Contractual Procedures requires full Advisory Council approval for any proposed deviations from the original contracted service units of more than 10%. VCAAA staff reviewed the deviations compared to all service provider year-to-date performance levels and service level projections, with the goal of distributing funds to accurately address the needs in each community and to analyze service levels to correspond with what service providers have communicated they can provide.

- 1) CAP 1 – December 14, 2022: The monthly Request for Funds/Report of Expenditures has not been received from the City of Fillmore for the months of July through October. The terms of the contract (Article III, Program Budget, and Payment Schedule: Section 1) state that “The Contractor shall prepare and submit a monthly expenditure report in an electronic format as instructed by the Area Agency by the 21st of each month. The report shall include all costs and funding sources for the month prior.”
- 2) Fillmore has hired a Finance director in April 2023, and this should help resolve their RFF issues.

G. Concerns/Issues Regarding Contract

STAFFING AND REPORTING DEFICIENCIES: During their assessment in January 2023, they were short staffed, and doing only to-go meals. They have since corrected the program’s staffing and have a reopening date for the congregate meal site set for May 8, 2023.

SUMMARY

Senior Concerns delivered meals to our senior clients in the TO area during the pandemic. However, to comply with the Older Americans Act/Title 22 procurement requirements, which are again being reimplemented (post pandemic), we have issued an RFP to allow for a new Senior Nutrition Program (sub-recipient) also known as a grant recipient starting March 2023. Senior Concerns has witnessed a steady increase in the need for home delivered meals to seniors in its community. They are delivering more than 6,000 meals per month combined through their traditional Meals On Wheels Program and through the VCAAA funded SNP meal program.
